

Parent/Guardian,

Your child qualifies for intervention through our Title I Program. The Title I program supplements and supports the instruction your child is receiving in his or her regular classroom. It features individualized instruction based on your child's specific reading and/or math academic needs. This targeted, individualized instruction is to help your child reach grade-level proficiency.

Acadience Math and Dibels reading are given three times per year for all students, followed by progress monitoring to show student progress and growth. RISE is an end-of-the-year assessment to show student proficiency in grades third through sixth. State assessments have shown that your child did not meet one or more grade-level benchmarks or proficiency. This data indicates that your child would benefit from supplemental interventions through our Title I Program.

Our goal at Book Cliff Elementary is to help every student achieve academic success in reading, language arts, and math. To help those students who qualify for the Title I program, we provide these supplemental services:

1. **Small-Group Instruction** – *Our interventionist and paraprofessionals are assigned to classrooms to work individually or in small groups with students identified as Title I. Under a teacher's supervision, the instruction is designed to remediate the student's deficiencies and provides additional practice with skills in reading or math.*
2. **One-To-One Tutoring** – *Our interventionist and paraprofessionals are assigned to classrooms to work individually with a student who is identified as Title I. Working with the classroom teacher, the interventionist, and the paraprofessional provides the student with individualized instruction and practice with skills in reading or math.*

Please discuss the results of the assessments with your child's teacher and the supplemental services your child will be provided. We will continue these services until your child performs at or above grade level. For your child to succeed, we all must be committed to helping him/her at school and home. By working together, we can help your child achieve academic success.

If you have further questions about the Title I Program, please contact Gaylene Erwin, Principal, Burton Sant, or Laura McFarlane, Title I Teachers, at Book Cliff Elementary.
